The **round metal gong** of the Cordillera known locally as "*gangsá*" is a symbol of the upland people's culture that has been passed on from generations to another.
The **profile of a person blowing a "tangguyub"** represents a community being called for an important matter or action.
The **lines that shape the mountains, the rice terraces, clouds and rivers** symbolize the connectivity and flow of human interaction in a *geographic area such as the Cordillera*.
All the symbols combined represent unity and harmony of its people with culture and environment in beating the gong for Self-determination.

DEPARTMENT MEMORANDUM

No. 2020 - 0083

**FOR : CENTER FOR HEALTH DEVELOPMENT DIRECTORS,
PROGRAM MANAGERS, FHSIS COORDINATORS AND
OTHERS CONCERNED**

**SUBJECT : Population Projection to be Used in the Preparation of
Statistical Report**

For the information of all concerned, the Philippine Statistics Authority (PSA) recently released the 2015 Census-based population projection by region and province including single-year projections.

In view of this, Department Memorandum No. 2018-0333 regarding "Amendment of Population to be used in the Preparation of Statistical Report for CY 2018-2022" dated September 10, 2018 is hereby rescinded. Your office is therefore directed to use the Population Projection released by PSA in the preparation of your statistical reports for CY 2020- 2025. The said population projection can be downloaded in the DOH or PSA website.

For strict compliance.
