The round metal gong of the Cordillera known locally as "gungso" is a symbol of the upland people's culture that has been passed on from generations to another.  
 The profile of a person blowing a "tungguyub" reminds a community being called for an important matter or action.  
 The lines that shape the mountains, the rice terraces, clouds and rivers symbolize the connectivity and flow of human interaction in a geographic area such as the Cordillera.  
 All the symbols combined represent unity and harmony of its people with culture and environment in boating the gong for
